

## Office Memorandum • UNITED STATES GOVERNMENT

TO : GENE

DATE: 23 January 1957

FROM : JC

SUBJECT: Status of SOOBYOKOV's POA.

It seems that Subject did not have a CSA. Under the circumstances it seems that it is advisable to process this POA request. Later on, CSA could be requested on Subject. Presently there is a memo from SO re "Subject's meeting with unknown representative from Washington" also and unidentified source alleged that Subject is a Soviet agent. An attachment to the original SO memo is missing, [ ] put a tracer on this and is requesting a copy of the attachment which explains the alleged accusations. After John reviews the attachments, we will find out about the POA status. John will notify us what action he will take after reviewing the attachments to SO memo. Thus far the results are inconclusive and still no POA was initiated.

24 Jan 1957

A [ ] in SO forwarded the results of the SO check to CI/OA today. SOOBYOKOV previously had a PCSA processing but in light of the AERADY program this Request was closed and in lieu of this the POA was processed and took precedence. SOOBYOKOV never had a CSA.
